## **VOCABULARY - GRADE 1 "WHO GOES THERE?"**

**Antler:** solid bony "branches" that grow on the head of the male members of the deer family; antlers fall off every year!

**Burrow:** a hole or tunnel in the ground made by an animal as a place in which to live and hide.

**Camouflage:** a disguise that helps an animal or person hide.

**Estivation:** "sleep like" state animals go into during the winter, unlike hibernation the animals may wake and undergo some activity.

**Gall:** an abnormal growth on a plant which is often created by insects.

**Hibernation:** deep sleep animals go into without eating or drinking for as long as 6 months to save energy.

**Horn:** originate from a hollow bony core surrounded by a hard sheath; horns stay on an animal (mountain goats, sheep and bison) forever!

**Nest:** a snug resting place created by a bird; they are typically round and made of twigs, grass, and mud.

**Sign:** something that gives evidence of an event.

**Track:** footprints or other marks left by an animal, person, or vehicle.
